Or, search our tables for any supply codes that include your key words:

What are product service codes? Also referred to as federal supply codes, product service codes are used by the United States government to describe the products, services, and research and development purchased by the government. Government procurement specialists and government contractors alike require a solid understanding of these codes in order to produce quality partnerships between buyers and suppliers.

237120 Oil and Gas Pipeline and Related Structures Construction

This industry comprises establishments primarily engaged in the construction of oil and gas lines, mains, refineries, and storage tanks.

The work performed may include new work, reconstruction, rehabilitation, and repairs. Specialty trade contractors are included in this group if they are engaged in activities primarily related to oil and gas pipeline and related structures construction.

All structures (including buildings) that are integral parts of oil and gas networks (e.g., storage tanks, pumping stations, and refineries) are included in this industry.

What Does My Business Need to Do?

2. Obtain a Data Universal Numbering System (DUNS) Number and register in the System for Award Management (SAM).

- If you do not have a DUNS Number, contact Dun and Bradstreet to obtain one
 - (<http://www.dnb.com/>).

What Does My Business Need to Do?

2. Obtain a Data Universal Numbering System (DUNS) Number and register in the System for Award Management (SAM).

- After obtaining a DUNS number, register in the System for Award Management (SAM)
 - (<https://www.sam.gov/portal/public/SAM/>).

The screenshot shows the SAM (System for Award Management) website interface. At the top left is the SAM logo with the text "SYSTEM FOR AWARD MANAGEMENT". To the right of the logo are input fields for "USER NAME" and "PASSWORD", a "LOG IN" button, and links for "Forgot Username?" and "Forgot Password?". Below the login fields is a "Create an Account" link. A dark blue navigation bar contains the following menu items: HOME, SEARCH RECORDS, DATA ACCESS, GENERAL INFO, and HELP. The main content area is divided into three columns:

- CREATE USER ACCOUNT:** Text explains that CCR usernames won't work and a new SAM User Account is needed. A "Create User Account" button is at the bottom.
- REGISTER/UPDATE ENTITY:** Text explains that users can register or update their entity records. A "Register/Update Entity" button is at the bottom. A "New!" badge is next to the text "Use the SAM Status Tracker to:".
- SEARCH RECORDS:** Text explains that entity records from CCR, FedReg, and ORCA are available. A "Search Records" button is at the bottom.

At the bottom left, there is a "WHAT IS SAM?" section with a "Need Help?" button. The text below explains that SAM is the Official U.S. Government system that consolidated the capabilities of CCR/FedReg, ORCA, and EPLS. It states there is no fee to register and that user guides and webinars are available under the Help tab.
