2126 North Meridian Street, Suite 110

JAMES KNIGHT, SR.

PROJECT DIRECTOR

As a former certified MBE owner, Mr. Knight met many other MBE owners and has maintained relationships with many of them.

One key success story is a multi-million dollar deal negotiated between his previous company, the MBE supplier he represented, Kirk's Automotive (based in Detroit, MI) and two major end-users in the public transportation industry.

One of those companies was local (IndyGo) and the other one was located in Anniston, AL, (North American Bus Inc., or NABI). Mr. Knight is detail oriented and experienced in handling a diverse customer base through his current as well as previous employers.

He has well developed interpersonal skills coupled with a professional demeanor.
