POWER AFRICA OVERVIEW

The POWER AFRICA B2B SUMMIT will present information sessions to help you better understand the \$7.5 Billion White House Energy Initiative, to assist selected African countries double their power capacity. This Summit will bring buyers, power providers and government officials from selected African countries that are engaged in this Initiative.

The Conference will address relevant topics through presentations and one-on-one meetings with Key industry executives and government officials, who will outline ways to access "Power Africa" business opportunities. A global official who is critical to this process will present the Keynote Address at the scheduled "Power Lunch."

DISCUSSION TOPICS

- Business Development Opportunities
- Contract Project Financing
- Technical Support
